*Let  
Freedom  
Ring*

“Liberty cannot be preserved without a general knowledge among the people, who have a right... and a desire to know; but besides this, they have a right, an indisputable, unalienable, indefeasible, divine right to that most dreaded and envied kind of knowledge, I mean of the characters and conduct of their rulers.”

John Adams (1735–1826)

## CELEBRATE FREEDOM: YOUR VOICE, YOUR VOTE

As we celebrate our nation’s independence, we are reminded of the vital importance of personal freedom and our commitment to defend it with our voice, and our vote.

In recent summers, our movement faced government overreach that tested our resolve. From the universal mask mandate issued on July 1, 2020, by then-PA Secretary of Health Rachel Levine, to the school masking mandate on August 31, 2021, enforced by Alison Beam after Governor Tom Wolf promised otherwise. We refused to be coerced, fighting back with exemptions and a spirit of firm refusal to comply.

Personal freedom must be cherished, protected, and defended. It is not a privilege but a fundamental right that belongs to each and every one of us. We must remember the struggles of summers past, draw strength from our shared values, and unite our voices and votes to ensure a Bucks County where personal freedom continues to thrive.

Happy Independence Day!

## BUCKS DEMOCRATS SAY THEY’RE “COMING FOR YOUR CHILDREN,” IN A DELETED POST

At an NYC drag march this year, chants of “We’re coming for your children,” from LGBTQ activists went viral, prompting outrage and feelings of vindication from parents. In an instagram post they’ve since deleted, Bucks County Democrats were all too happy to defend this message, attempting to explain that this taunt is really all about love and tolerance. The Dems missed the mark entirely, and that’s why they now want to hide from their words.

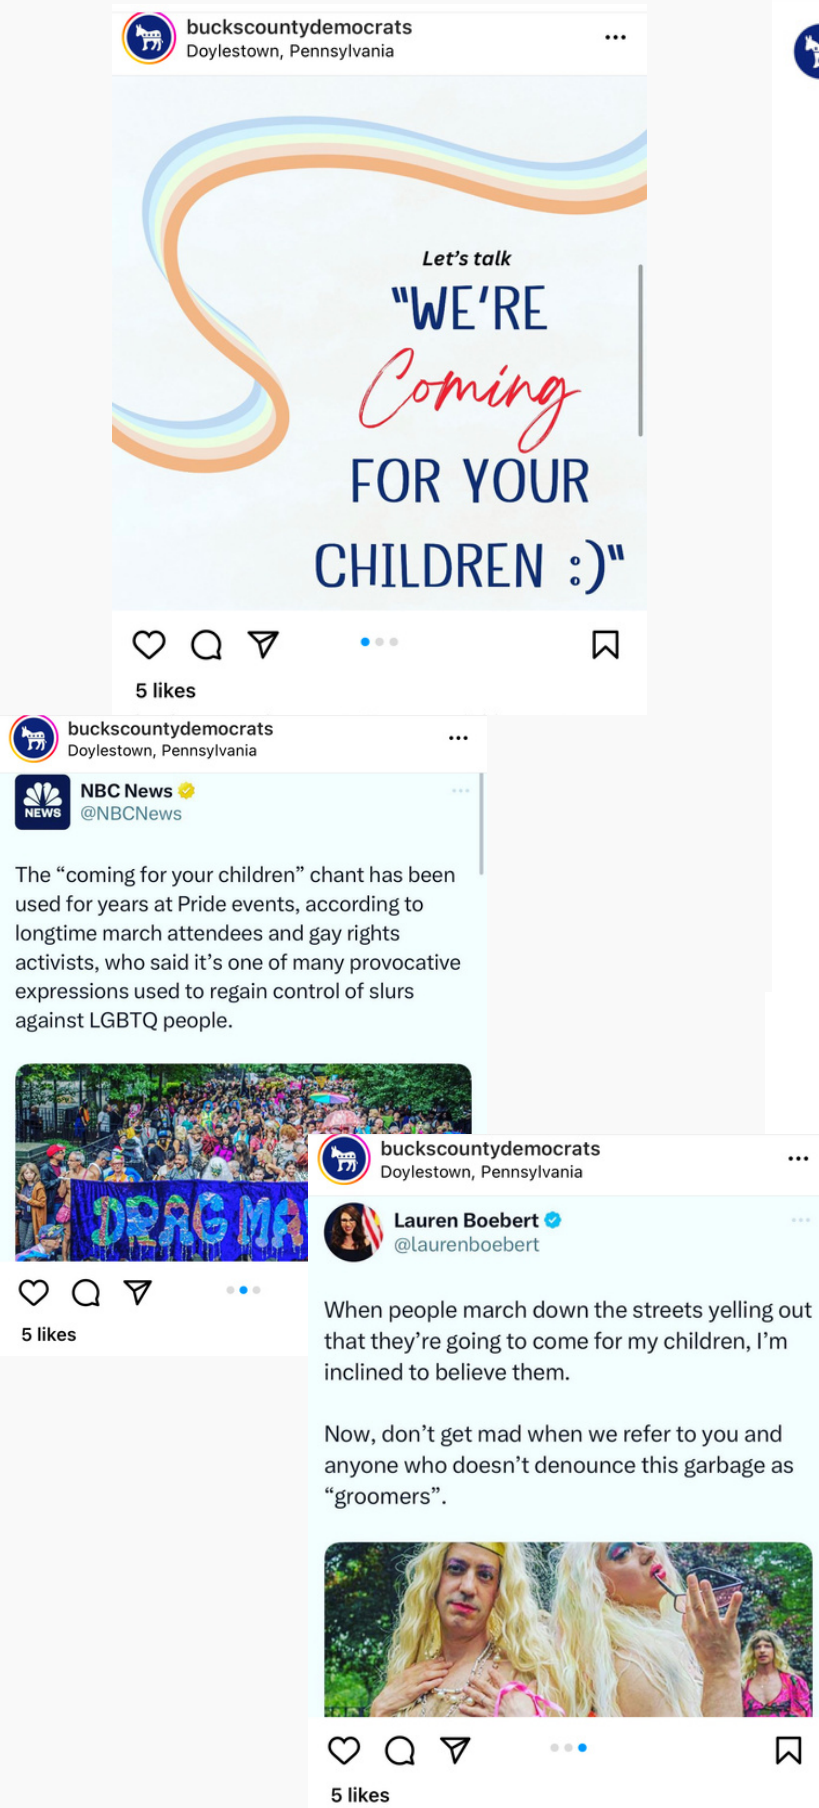

In Bucks County, we don’t wait for anyone to “come for our children.” We are proactive, engaged and informed, just as we were during pandemic lockdowns and school closures. We will not allow children to be used as political pawns.

To the Bucks County Democrats: If you intend to come for our children, you’re going to have to come through us first.

**buckscountydemocrats** For years, Pride events have been the epitome of love, acceptance, and progress. As we celebrate this beautiful community, let's shed light on an unfortunate reality. The chant, "coming for your children," has long echoed through these marches. But let us be clear: It is not a call for harm; it is a powerful response to the relentless slurs thrown at LGBTQ individuals.

This provocative expression has been used by longtime march attendees and passionate gay rights activists, not to instigate fear, but to reclaim control. It stands as a defiant statement against the discrimination and prejudice that have plagued our community for far too long.

At its core, Pride is about breaking down barriers and fostering unity. It's a collective endeavor to build a world where every person can love and be loved freely, irrespective of their sexual orientation or gender identity. It's about creating a safe space for our LGBTQ siblings, who have faced marginalization and oppression for far too many years.

So, as we march forward, let's challenge the misconceptions and stereotypes that have perpetuated hate. Let's engage in constructive conversations that bridge divides, inspire empathy, and spread love. Together, we can dismantle the walls of ignorance and forge a path towards genuine understanding.

The "coming for your children" chant is not a call to separate families or harm anyone. It's a reminder that we are here to protect and support the LGBTQ youth who deserve a world where they can flourish without fear. It's a plea for recognition that these children are our children too, deserving of the same love, opportunities, and acceptance as anyone else.

Join us as we honor the resilient spirit of the LGBTQ community. Stand with us as we champion equality, fight discrimination, and celebrate love in all its beautiful forms. Together, we can build a future where everyone can thrive, where Pride is a universal feeling, and where the chant that echoes through our hearts is one of acceptance, unity, and hope.
